

**Team Name:** Habit Tracker with Friends

**Product Name:** RouTeam

**Members:** Katrin, Hai, Sean, Connor, Sidhant

**Date:** 11/30/2021

## **Sprint 4 - Report**

### **Actions to stop doing:**

- ❖ adding random features
- ❖ naming the files incorrectly

### **Actions to start doing:**

- ❖ implement automated testing
- ❖ using a linter for code styling
- ❖ good code coverage

### **Actions to keep doing:**

- ❖ Reaching out to each other when we are stuck on a solution
- ❖ Bug testing / keeping track of bugs in discord

### **Work completed:**

- ❖ Story (task 1 - 3 completed)
- ❖ Created a button on habit page to navigate to photo gallery
- ❖ Implemented the user's photo gallery
- ❖ Implemented the friend's photo gallery
- ❖ Completed backlog task (Display profile page of a friend)
- ❖ Fixed some known bugs
  - 100% of bugs from our testing meetup
- ❖ Refactored our code base to conform to coding standards
- ❖ Prepared our presentation and demo of our project

### **Work not completed:**

- ❖ Leftovers: Notifications

### **Work completion rate:**

- ❖ 90%
